Movie 'The Brave Dog'

When the movie starts, the main character, Emma, plays with her dog, Teddy, in a beautiful park. She uses toys to play with it and Teddy looks happy.

After a while, they finish their walk in the park and get back to their flat. Then they take a break, sitting on the sofa. The doorbell rings suddenly during the rest time. That makes Emma and Teddy pay attention to the sound and Emma steps forward to open the door and sees who the person is. Then she sees a man who in black stands in front of her. Emma asks, "Who are you?" and the man answers, "I'm your old boyfriend, do you remember..." during their conversation, Teddy is standing behind Emma. It discovers that the 'boyfriend' is bringing a knife, so Teddy becomes angry and runs to him quickly.

After that, Teddy and the man fight together. It uses his paws to grab the man's pants off and scratch his face which makes him hurt. Emma stands next to them and she doesn't know what to do.

Finally, she decides to pick up the phone and call 999 to get some help. A few minutes later, the police come to Emma's flat and try to stop the fight. The man is sent to hospital by the ambulance and he is taken into custody.

You may wonder what happens to Teddy. Teddy gets an award for his behavior which brings him 50 bags of food for his daily consumption!

In my opinion, this movie is definitely suitable for everyone, no matter you are a kid or an adult since this movie is entertaining and funny. I'd like to recommend this movie to all my friends because I think Teddy is pretty smart and brave.
